

Yellow Gold Wheat Takes Place of Black Gold Oil

TRAIL OF EVIDENCE LEADS TO DEATH CELL

WONDER CROP IS FILLING POCKETS OF ALL KANSAS

ENORMOUS YIELD AND HIGH PRICE PUTS MILLIONS IN STATE. HELPS EVERYBODY Farmers Who Have Staggered Under Burden of Drouth, Jubilant.

[BY ASSOCIATED PRESS] Topeka, Kan.—Wheat has replaced oil as the source of rapid wealth in Kansas. Poor tenant farmers who have struggled for years, many of them in the southwestern part of the state who were compelled to appeal to the public for seed wheat loans last fall to seed this year's crop, today find themselves wealthy. Many others who had purchased farms with small payments and expected to have mortgages hanging over their heads for years, are in a position to pay off these mortgages, buy more land, build new houses and barns, or purchase motor cars and other things they have denied themselves for years. Kansas' unprecedented wheat crop has produced all this wealth, and with rising prices, promises to convert this wealth into even greater wealth before all the crop is marketed. Hundreds of farmers anticipating price peaks caused by poor crops in Canada and other wheat producing countries are holding their wheat for the gain they feel sure will be theirs by not marketing it at once.

WHEAT GOES FIVE CENTS LOWER BY THE BOARD Chicago.—In a big, rapidly swinging market, wheat averaged lower in price today during the early dealings. Fluctuations at this time covered a range of 1/2 to 1/4 cent, and were largely a profit-taking venture, induced more or less by the suddenness of yesterday's advance. Besides fresh black rust reports from Canada this morning indicated that the amount of damages would depend on weather developments. Opening prices, which varied from 1/2 to 1/4 cent lower to 1/2 cent advance, September \$1.23 1/2, 1/2 cent, and December \$1.32 1/2, 1/2 cent, followed by a rise all around to fractional above yesterday's finish and then by irregular material setbacks, with swift transient rallies.

BLAINE TO SPEAK HERE NEXT MONDAY

Governor John J. Blaine will speak in Janesville in the evening of Monday, July 28, in the interests of his campaign for re-election to a third term as chief executive of Wisconsin. The mass meeting which the governor will address will be held in the Myers theater starting at 8 p. m. Announcement of plans for the meeting was made Thursday by George H. Esser after he had talked with Mr. Blaine over the long distance telephone. "The governor did not say whether he intended to speak at any other points in Rock county," said Mr. Esser, "but he merely asked that arrangements be made for the Janesville meeting," said Mr. Esser.

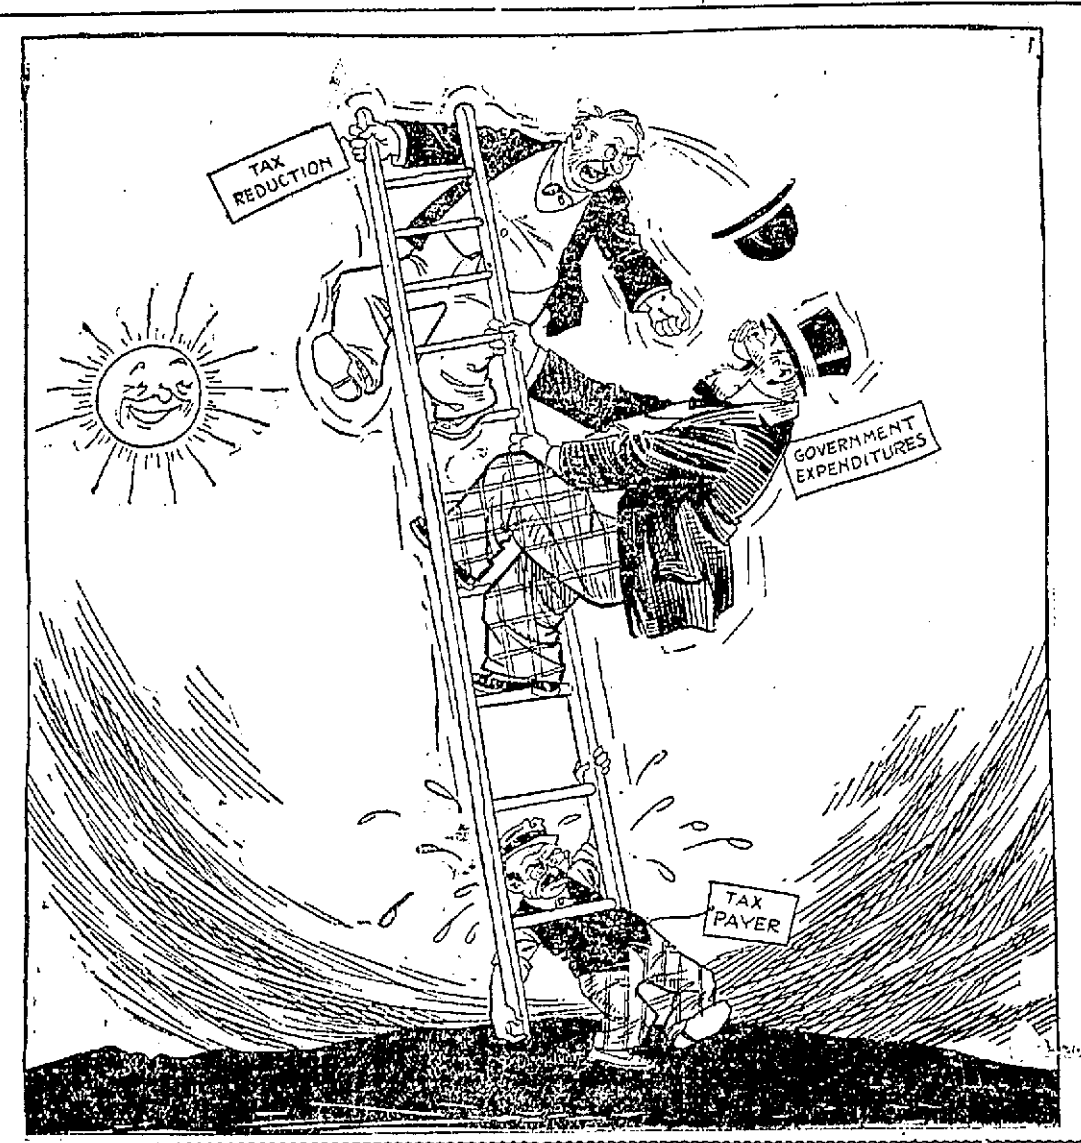

COTTON JUMPS \$10 A BALE

New York.—Cotton prices on the local market jumped 10 cents to 58 points over night, lifting July contracts to 55.30 this morning, and December to 29.55. This represented a rise of more than \$10 a bale in two days.

Noah Webster, Please Copy

Gazette editors are certainly enlarging the definition of that word, "lost." According to old Noah—of the flood of words—"lost" means "gone from one's possession." But in Janesville it means "not advertised in 'The Gazette's Classified Columns.'" The case of Mrs. Wolfgang, Western avenue, seems to have a direct bearing on the point: Mrs. Wolfgang lost her watch somewhere in the downtown district last week and tried a "lost" ad in the Gazette, thinking at the same time that she would never see it again. The watch was returned after one insertion of the ad. If YOU lose anything—or want to buy or sell anything—just call 2500 and ask for an ad-taker.

"YOU GOT TO GO DOWN FIRST"

Two New Generals for Wisconsin State Guard

[BY ASSOCIATED PRESS] Camp Douglas.—Governor J. J. Blaine, accompanied by Mrs. Blaine and members of his official family from Madison, was the guest of honor today at Camp Douglas, where he reviewed the 3,500 citizen-soldiers encamped here, after watching the operations of a sham battle and the formalities of presenting distinguished marksmen medals to twelve of the best shots in the camp, and the commissioning of two new generals. The sham battle started promptly at 10:30 a. m., when a war strength battalion of 800 men and a headquarters company went into action, following an assault by tanks and the laying down of a gas barrage. The gas barrage was put down by a picked squad of regular army men from Fort Sheridan. Following the battle, General Charles King of Milwaukee, an officer in the state guard forty years ago, acting as presiding officer, began the commissioning of the new generals. (Continued on Page 4)

MANY GALLONS OF WHISKEY SOLD HERE BY DRUGGISTS

A total of 2,830 gallons of pure grain alcohol, whiskey and wine, is the total amount of liquor that can be dispensed yearly in Janesville on straight liquor prescriptions or be used for making other mixed prescriptions in a year. This is the figure reached through the government, allowance of 30 gallons to each drug store every three months. Eight operate in Janesville. Druggists declare that pretty close to the maximum amount is required to fill the needs of Janesville people. If all of this liquor was whiskey, a total of \$69,120 would be rung up in cash registers of Janesville drug stores, and an equal amount would be paid to physicians for issuing prescriptions. A pint of whiskey, say seven or nine years old, costs \$3 at a drug store and a prescription (the amount who say has cost the total cost to the purchaser of a pint, through the legal channels prescribed by the national government. Prior to the enactment of the Volstead law it cost from 50 cents to \$1 a pint, depending upon the age, a Janesville druggist said. The amount of the allotment is not however in whiskey, a great deal of the 30 gallons being required for use in mixing other medicines. A fair average of the percentage of this amount obtained that is pure alcohol, would be about 40 or 50 per cent. The rest is obtained in whiskey or wine. Government regulations require drug stores to place orders far in advance and a permit to dispense liquor for medicinal purposes in 1925 must be applied for before the last of August, it is said.

COOLIDGE 'TENDS TO WHITE HOUSE JOB

He Will Not Make Any Campaign Speeches [By ROBERT T. SMALL, Special Correspondent] Copyright 1924 Washington.—With a little more than half of his cabinet to assist him, President Coolidge appears to be far more engrossed in the affairs of government these days than in the details of the coming campaign. He is "currying on" at the White House at a time when other presidents generally have left Washington far behind to seek recreation in cooler climes. There is absolutely no indication as yet that Mr. Coolidge is to take the active part in the campaign that was at first proposed. Perhaps the death of his young son may have something to do with his present state of mind. but there are friends of the chief executive who say he has decided that a president should make a bitterly partisan fight for re-election. In Excellent Health Never of a robust appearance, Mr. Coolidge gives his callers these days the impression of a tired man. The lines of his face seem a little deeper than they were a year ago. The weather in the capital during the past few days has been unusually warm, but the president, accustomed as he has been to the bracing atmosphere of New England, has uttered no word of complaint. There is a marvelous amount of grim determination in his wily if slight physique and the reserve strength of an unemotional disposition is serving him in good stead in this time. The White House physicians report the president in excellent physical condition as the campaign approaches and make light of the appearance of fatigue which has caused some comment among the White House visitors. No Strenuous Effort The republican party managers say that as the campaign seems to be developing there will be little occasion for any strenuous effort on the part of Mr. Coolidge. From what they have heard of Mr. Davis' plans, the G. O. party leaders feel that Mr. Coolidge may "rest on his oars" for a large part of the time. They have heard for instance that the democratic

MELLON IS ASKED TO HELP SOLVE LONDON DEADLOCK

FRENCH CALL BANKERS "INTERLOPERS" IN INTER-ALLIED MEETING. LOAN SECURITY Bankers Want Better Guarantees of Payment by Germany.

[BY ASSOCIATED PRESS] London.—The conflict in the views between the French delegates to the inter-allied conference and the American and British financiers regarding the safe-guards for the protection of investors in the German loan proposals under the Dawes plan, remained unresolved today, according to well-informed persons. Formal and informal meetings of the delegates this morning produced no indication of a way out of the impasse. The principal meeting was at Downing Street, where Premier Herriot of France, Premier Theunis of Belgium, American Ambassador Kellogg and Italian Finance Minister Locatelli met in a two-hour conversation with Prime Minister MacDonald. Secretary Hughes Alda. The greatest significance is being attached to the confab and goings (Continued on Page 4)

10 Killed as Train Hits Truck

Onk Harbor, N. J.—Ten persons were killed and 10 others were injured, some of them seriously, Wednesday evening, when a New York Central passenger train crashed into a truck at a grade crossing near here. There were 26 persons in the truck. They had been on an outing and were returning to their homes. Five witnesses declared the driver had stopped at the railroad crossing, gone ahead to scan the tracks and apparently had failed to see an approaching train. He is said to have gotten back into the truck and driven onto the tracks directly ahead of the express, which was bound for Toledo from Cleveland. The train struck squarely and hurled the occupants of the truck more than 100 feet.

JAPAN FLIRTS WITH RUSSIA BY NEW RULE

[BY ASSOCIATED PRESS] Tokyo.—A new policy toward Russia on which it is believed the government is working, would be great recognition to the Soviet government was adopted by the cabinet at an extraordinary session today. A new policy was presented by the foreign minister, Baron Shidehara and is generally regarded as fixing Japan's terms towards Russia and as making agreement between the countries, looking to resumption of diplomatic relations easier. Negotiations toward that end have been under way intermittently for several years and at present are reported to be in a condition of great activity. Mr. Shidehara, recently named Soviet ambassador to China, and Kokiichi Yoshizawa, Japanese minister to that country, and in a condition of great activity. Yoshizawa's return from a visit to Tokio.

BILL GOT ROUGH AFTER 50 YEARS

[BY ASSOCIATED PRESS] Wheeling.—After being married for more than 50 years, Mrs. William Opelka, 72, had her 70-year-old husband arraigned in municipal court here, charged with assault. In her testimony against her husband, she declared that he attacked her with an iron pipe and broke her arm. Mrs. Opelka, after the hearing, stated that she planned to institute divorce proceedings.

Manslaughter Count Faced by Driver

Ivan Koch, Beloit mechanic, who ran into and killed William Campbell, colored resident of Beloit, near Palm Beach Tuesday night, was arraigned before Judge John B. Clark in Beloit municipal court late Wednesday afternoon, charged with manslaughter. The preliminary hearing was set for Thursday, July 31. Bail was fixed at \$2,500. An inquest into the Campbell death will be conducted Friday morning by Coroner Lynn Whaley in Beloit. Koch is being held in the Beloit jail. The man struck by the Koch car was for many years a pastor of the colored Methodist church in the south and Chicago. He was much respected and spoken of highly by the negro residents of Beloit.

SLAYER OF FATHER HELD FOR MURDER WHEN PARENT DIES

[BY ASSOCIATED PRESS] Kenosha.—William Marshall, 20, was arraigned in the municipal court here this morning on a charge of murdering his father, James Marshall. He was returned to jail without bonds and the preliminary hearing was set for August 4. Marshall requested that he be permitted to attend the funeral of his father which is to be held on Saturday and he will be given this privilege under guard of deputies. Attorneys for Marshall said today that he would enter a plea of temporary insanity as the boy declares that he so feared that his father would beat him that he lost control of his faculties. Attorney Calvin Steiner appeared for the boy at the hearing. The elder Marshall died late Wednesday afternoon following the amputation of the leg which had been broken away. "Young Marshall today also asked that he be permitted to have his sweetheart visit him at the county jail. The name of the young woman was not revealed but it was declared that she knew nothing of the troubles between Billy and his father.

6 Are Killed in Texas Hotel

[BY ASSOCIATED PRESS] Ranger, Texas.—Six persons are known to be dead, thirteen in a local hospital and one boy is missing as a result of a fire which early this morning destroyed the entire McCleskey hotel block in the center of the business district with a property loss estimated at more than \$1,000,000. GASOLINE IN CENTS Lincoln, Neb.—A two cent cut in the price of gasoline, with a bottom of 15 cents, was made effective here Wednesday.

YOU WOULDN'T RECK'NIZE HIM WOULD YOU?

Witnesses Weave Web of Guilt in 2nd Day's Trial

The Testimony [BY ASSOCIATED PRESS] Chicago.—Elizabeth Sattler, second maid in the home of Nathan Leopold, Sr., identified on the witness stand today an Underwood portable typewriter which she said "resented" a machine she had seen in the room of her employer's son. She added she had seen Nathan, Jr., use such a machine "many times." It was on this kind of a machine the ransom letters were typed. Miss Sattler was called by the state today in the hearing which is to determine the penalty of Nathan Leopold Jr., and Richard Loeb, for the kidnapping and murder of 14-year-old Robert Franks. She was questioned also about staying place of the automobile room in the Leopold home. Remnant of Robe A fuzzy, greenish and badly charred robe, said by the state to have been the remnants of the blood-stained robe which the two boys attempted to destroy by soaking in gasoline and burning it on the lake. (Continued on Page 5)

TWO GIRLS DROWN IN MISSISSIPPI

Tourists, With Relatives Here, Meet Death at Little Falls, Minn. Lucille DeJean, 26, with a brother, Harry, living in Janesville and other relatives in Green Bay and Arthur Ernst, 23, of Oconto Falls, were drowned in the Mississippi river at Little Falls, Minn., Thursday morning, according to a dispatch reaching the only city in the state. The tragedy occurred at the bathing beach of the tourist camp. The girls were traveling to Glacier National park and the western coast with E. A. Reiten, Milwaukee. They had remained at the Little Falls camp ground over night and before 7 a. m. Thursday the girls, who had slept in the car, told Reiten, who was sleeping in a cot outside, they were going bathing before breakfast. He slept again and when he awoke at eight could find no trace of the girls. A bathing cap seen floating was the only clue to the disappearance. The bodies were recovered at 8:45 in four feet of water. No one saw the girls drown. Miss Ernst could swim a little, but Miss DeJean could not. Miss Ernst had been employed as stenographer in the law firm of Rosenthal & Cline, Milwaukee. Miss DeJean was formerly employed in Milwaukee, but the past year was bookkeeper for a Minneapolis firm. The girls had joined Reiten at Minneapolis on Tuesday. He was formerly with the national revenue department at Milwaukee. The bodies are being held in the Thompson morgue at Little Falls awaiting word from relatives. Miss De Jean lives and is employed in Minneapolis. Miss De Jean is survived by three brothers, Harry of Janesville, Urban of Brooklyn, and Hilley of Troy, Oregon. In addition to her sisters, Mrs. Percy Seath and Cornelia De Jean, both of Oregon.

3 ROBBERS GET \$19,000

[BY ASSOCIATED PRESS] Vancouver, B. C.—Three robbers escaped from a branch of the Canadian Bank of Commerce here today with \$19,000, after one of them had laid out the head of G. A. Bonallie, manager. [BY ASSOCIATED PRESS] Detroit.—Three armed bandits at noon today help up Jacob Mazer, a member of the firm of the Joseph Mazer jewelry company, New York, and escaped with jewelry valued at \$125,000 which he had been displaying to a prospective customer in the Capitol jewelry shop.

U. S. GOLF CHAMP MAY PLAY HERE

Cyril Walker, national open golf champion, and Bobby Cruickshank, who tied for fourth place this year, will probably play in an exhibition match at the Janesville Country club next Saturday. The officials of the local club received an offer Thursday morning for the stars to appear here and telegraphed acceptance, Thursday afternoon. They are now awaiting confirmation. The club grounds will be thrown open to the general public and a gallery charged \$1 will be made. All clubs in this territory, particularly those at Rockford, Beloit, Edgerton, Stoughton, Monroe, Jefferson, Cambridge, Lake Geneva, Delavan, State Lake and Milwaukee Racine and Kenosha will be notified.

ANOTHER ASTOR MARRIED TO PRINCE

[BY ASSOCIATED PRESS] London.—Miss Alice Astor, daughter of Lady Ribblesdale, and the late John Jacob Astor, was today married to Prince Obolensky, Lady Ribblesdale and Russell H. Rhodes, American vice consul, were witnesses. No others were present. Picture on Page 13.

FIFTH BAND CONCERT ON THURSDAY NIGHT

The fifth of the weekly concerts by the Bower City band will be held in the afternoon at 2:30 p. m. Thursday. In the event of rain, there will be no concert and the same program will be carried over to next week.

PALMER COX, OF "BROWNIE" FAME, DIES IN QUEBEC

Palmer Cox, author of the "Brownie" series of stories for children, which have been among the most popular juvenile books in the local public library, died today at his home in Granby, Quebec, after a short illness. His volumes in the library here have been repeatedly re-bound, and new ones will probably have to be purchased this fall. Three of his many volumes are in circulation, and are especially familiar through the numerous illustrations of "Brownie," always found in them. Mr. Cox was 84 years old.

THE WEATHER

Generally fair tonight and Friday; cooler tonight; somewhat warmer Friday in west portion.

WITH THE FARMERS

Farm Bureau Official Information

SOIL IMPROVEMENT PROGRAM IN SAUK COUNTY

Intensive Program Carried Out to Improve Soils of Sauk County.

Sauk county soils are the object of one of the most intensive improvement campaigns ever instituted since the days of Jethro Tull, the father of hoe husbandry. The first soil survey was made in 1911, and since that time the county has been held and every township in the county will have its soil survey in the next few months. The object of the survey is to determine the soil survey in the county. At the meetings held so far the assembled farmers have been addressed by one of the members of the soil survey force and by the local extension specialist of the Wisconsin College of Agriculture.

Great interest has been displayed in the meetings, as many as 75 farmers attended the first meeting of the larger ones. The object of the meetings is to acquaint the farmers with the value and the purpose of the soil survey, and to discuss plans for the improvement of the soils that are covered by those taking the soil inventory.

Hold Soil Schools.

"Next winter we plan to hold soil improvement schools in each township," says Richards. "These schools will last one day each, and we will try to give a complete program for soil improvement. The schools will be held in the township where the soil survey is being made, and will be conducted by the extension specialist of the Wisconsin College of Agriculture. At the same time orders for lime and fertilizers will be placed and these handled through the local dealers. Richards states that the soil survey men are picking up samples of limestone from the various outcrops where they have been. So far 20 samples have been collected in the eight townships covered, and when tested these showed a very high percentage of neutralizing power. It is expected that before long several hundred samples will be put to work grinding the local limestone for the use of nearby farmers.

As far as is known this is the first time that county-wide work for the improvement of soil ever has been attempted and much of the success of the plan will depend on the co-operation of the farmer, banker, editor, teacher, and everybody who is affected. Richards points out. Township competition to stimulate interest in the soil will be carried on in conjunction with the Sauk County Fair, by showing crops which have resulted from limestone and fertilizer treatment.

Schools Helping.

Even the school children are to be given a chance to help along the good work. According to Richards, the teachers and the county superintendent will cooperate in conducting essay contests among the schools of the county. Prizes will be offered for the best essays on soil improvement in rural schools, high schools, and high schools. A sample of soil is being taken from each township for use in tests at the State Soil Laboratory in Madison. Various chemical tests will be made on these samples to determine what kinds of fertilizers are most in need of these soils. Next spring it is planned to start demonstration plots in every township in Sauk county, and later in the year when the results of the various soil treatments are obvious demonstration days will be held.

Everywhere connected with the soil improvement campaign is very optimistic about the opportunities for Sauk county if the suggestions made are carried out. The local co-operation is given Richards and his associates in the work they are doing.

STATE TO WATCH FAIR SANITATION

Rigid Check-Up of Stands Selling Foodstuffs Planned This Year.

All of the rules regarding the operation of temporary eating places at fairs, parties, streets or other places outside of permanent buildings, has been received by Dr. L. J. Woodworth, city sanitary inspector. The rules were adopted by the state board of health late in June and will be applied to all eating places operated during the Janesville fair. The inspection from the state board will be present during fair week to see that all the regulations are enforced.

1. No temporary eating place shall be operated without a suitable cover or roof. Floors must be sanitary.

2. All tables and griddles not properly enclosed, must be equipped with a glass or metal shield covering front, end and a portion of the top.

3. All food and drink products, cooked or uncooked, shall be kept under refrigeration conditions until used. All foods on display must be protected against flies and other insects.

4. All canned goods shall be removed from their containers and placed in glass or porcelain containers immediately upon opening.

5. All dishes and cooking utensils must be thoroughly washed and kept clean. The use of cracked dishes or glassware is prohibited. All dish cloths must be kept clean.

6. Facilities for properly washing and drying hands must be provided. No person suffering from a communicable disease shall be employed in any capacity. Employees must keep clean, wear clean clothing and refrain from using tobacco while on duty.

7. Water-tight garbage containers with covers must be provided and contents removed daily.

8. No eating place shall be conducted before being granted a permit by the state board of health. Permits cannot be transferred.

WALWORTH CO. TOUR

LEAD BY MERRIAM

Elkhorn—Alfalfa, sweet clover and rock phosphate were the centers of attraction on the annual county agents' tour in Walworth county this week.

K. L. Hatch, assistant director of extension; J. E. Wolff, state county agent leader; J. E. Sweeney, drainage specialist of the Wisconsin college of agriculture; the committee of the county board, and other interested parties, as well as county agents, made the trip to study outstanding agricultural developments of the year in this county.

The county agent for Walworth county, L. J. Merriam, was in charge. Other agents included were J. E. Wolff, drainage specialist of the Wisconsin college of agriculture; J. M. Coyne, Jefferson; J. P. Thomas, Waukesha; J. S. Williams, Kenosha; E. C. Thompson, Milwaukee; R. T. Glasco, Rock; M. H. Burton, Menasha.

The demonstrations attracting comment were the effects of cutting alfalfa twice and three times a season and of using rock phosphate. Sweet clover for pasture, clean milk supplies, and ton litters were other projects of interest.

The farms visited included those of Charles H. Brown, Elkhorn; Earl Palmer, Combs; Gordon holding plant, Lake Geneva; John Dunphy, Elkhorn; Ira Christensen, Walworth; William Kompeff, Sharon; George Harrington, Elkhorn, and Earl Stearns, Elkhorn.

SPRAY FOR KILLING OFF POTATO BUGS

New to the time to get busy with the potato bugs, which multiply rapidly when hot weather comes.

Killing the potato bugs early means the saving of a lot of time and money. The leading agricultural authorities advocate spraying with a mixture consisting of two pounds of arsenite of zinc to 50 gallons of water, or at the rate of two pounds to the acre. The arsenite water should be applied with a hand or power sprayer. Paris green has been used for many years for poisoning potato bugs, but according to experiments the arsenite is as effective.

DRUGGIST SAYS ORDER OF EKERN IS ALL BUNK

Janesville will continue to have one drug store selling whiskey on prescription, and also conducting a soda fountain, despite the ruling from the attorney general's office that this cannot be done legally. Ed. Smith, proprietor of the one drug store in the city that conducts a soda fountain, said Wednesday that he will not discontinue either, or not at least until a test case has been ruled upon by the supreme court.

Mr. Smith was emphatic in his declaration that he did not believe the state department could enforce it and declared that even if they wanted to, they could not use liquor at the soda fountain because the law says that the soda fountain is not a place where liquor can be sold. "I think that ruling is bunk," said the veteran druggist. "They can't put it into effect right away, because we have a supply of whiskey on hand, and then, too, we have our money in the soda fountain."

PRESENTED MEMORIAL TREE

Madison—James E. Meyer, commander of the Lutescent Fairchild Test of the G. A. R., presented the grand memorial tree to the state of Wisconsin at special exercises held at the state Capitol park this morning.

What is Missing Here?

Is this the way they look at your house on a hot day, a sultry night? Do you sweeter when you could be cool? Is there discomfort where comfort should be? And are you paying the price in lowered vitality? What is missing from the picture—your home or office—is the sound and simple electrical appliance that provides comfort and a new lease on life in even the hottest weather. So,

BELOIT TESTING RECORDS

One more record comes to Beloit county as the result of the remarkable production of Mary Ann, registered Brown Swiss cow in the herd of Bert Skinner, Beloit, one of the best producing herds of the Swiss cattle in the United States. This three year old has milked 8,753 pounds of milk and 504 pounds of fat in a three year old in 24 months and on the 10th month made 50.1 pounds of fat in the Beloit-Stock county cow testing association. The previous record for a three year old in 24 months was 8,753 pounds of milk and 504 pounds of fat. The new champion will continue on test for the full year and will be put on official work at the next testing period.

Beauty, the Holstein cow in the Rockwell and Katterhagen herd, half-sister to the champion Mary Ann, has a record of 528.2 pounds of fat and 15,222 pounds of milk in six months and topped the association the last month with 78.3 pounds of fat and 2,265 pounds of milk. Kite followed close with 77.5 pounds of fat. These cows are milked three times a day.

Five increases in production in the association indicate the merit of testing work. Good records were made by the Glenview herd of J. M. Halderman and the Shorthorn herd of Gravelle and Sons. "Sis" a pure-bred Guernsey owned by Roy Jones topped the twice-a-day class with 69 pounds of fat from 174 pounds of milk with another grade in the J. W. Wehler herd making 47.6 pounds from 1639 pounds of milk.

The Jersey herd of J. B. Smiley topped the association with the 103 pounds of fat from 174 pounds of milk. The herd averaged 42.2 pounds of fat. The herd averaged 31.9 pounds of fat in May and test association work corrected errors in feeding to the production without additional feeding expense.

COOLIDGE TENDS TO WHITE HOUSE JOB

(Continued from page 1)

between one tax plan and another. The important fact to the republicans is that Secretary Mellon and President Coolidge recommended tax reduction and tax reduction was accomplished under the present administration.

The La Follette-Wheeler organization is expected to furnish about all the fireworks which may be exploded between now and election day, but it is the republican plan to ignore this third ticket. That was the meaning of Chairman Butler's statement that the republican campaign would be uniform in all sections of the country. There is to be no fight against the independents as such. The republican scheme of campaign is wholly an alternative one. The effort will be to keep President Coolidge "sold" to the American people.

Mr. Coolidge is quietly formulating his speech of acceptance to be delivered the evening of August 14. He has plenty of time and will not rush the manuscript. The president feels that this will be his one great contribution to the campaign. As a matter of fact it is the only political speech for which he is scheduled at this time. It may be October before he speaks again, except for occasional short addresses by radio.

Stay in White House

There is no disposition on the part of Chairman Butler or other leaders of the party to urge a more strenuous campaign program upon the president. They are more than willing to consent to his wishes for such seclusion in the White House as possible and they believe Mr. Coolidge is a far more effective campaign stickler to the work of government there in Washington than he would be by being from place to place about the country, talking politics and thinking politics only. Various state leaders are not of a mind on this subject, however. They naturally are desirous of having a visit from the president and nominee. There are factional differences in many states that make the outside a bit dubious, and the local leaders believe a visit from Mr. Coolidge would do much good. The president has no intention, however, of going in for that form of campaigning.

Less Gold in U. S.

(BY ASSOCIATED PRESS)

New York—Canada by 1926 will displace the United States as second in the ranking of the gold producing countries of the world, in the opinion of Louis D. Huntton, New York mining engineer and a former president of the American Institute of Mining and Metallurgical Engineers. Canada is now third, Africa ranking first.

Mr. Huntton, after a prolonged study of the Dominion's gold districts, reports his conclusions in the official journal of the American Institute of Mining and Metallurgical Engineers. Canada's output of gold is increasing rapidly, he says, while in the United States and 1919 there has been a rapid decline.

ORGANIZE COUNTY FOR DAIRY SHOW

County Committee Named to Promote Local Interest in Dairy Classic.

Rock county was organized during a meeting in the court house Wednesday night for promoting local interest in the National Dairy show to be held in Milwaukee Sept. 27-Oct. 4, both in exhibits and attendance.

Different committees were appointed and an executive committee named to counsel on problems relating to the dairy classic. County-wide representatives present gave their support to "letting the best of Rock county show itself on the map, stronger than ever." The best of the Rock county show herds, with the exception of the Milking Shorthorns, which are not eligible for the dairy show under present rulings, will be exhibited at the national show with the best in the dairy calf clubs.

Rock county was on the map, stronger than ever. The best of the Rock county show herds, with the exception of the Milking Shorthorns, which are not eligible for the dairy show under present rulings, will be exhibited at the national show with the best in the dairy calf clubs.

Will Have Hands

In connection with the dairy cattle exhibit and judging in the state fair arena, there will be a mammoth exhibit of dairy machines and equipment in the Milwaukee auditorium. Both the girls' band and the boys of the Janesville high school will be taken to the National and an effort made to have as many Rock county people as possible attend on this day in a convoy.

At the coming dairy show, visitors will be urged to make day trips out from the exhibit to view Wisconsin dairymen under practical farm conditions. Rock will make a bid to have visitors inspect the dairy farms of the county, advertising as the county specialty, the high producing grade cattle, profitable farms and Milking Shorthorns. Visitors will be given

VOICE OF THE PEOPLE

Editor Gazette:

In regard to the item that was published in Tuesday's Gazette referring to garbage collection in the second ward—what better service do the people want than we are getting?

I think we have about the best service that the city ever had since it started garbage collection. Why are some people always kicking and nagging and never ready to say a good word? If some of these people had to travel all day over the roads that are being paved, and carry the garbage for a block or two to the trucks, maybe they wouldn't be kicking all the time.

Now, I once saw the trucks stuck up on Yuba street. They had to lay down bricks so they could get out. The people know that streets are under construction all over the city and has plenty of time and will not rush the manuscript. The president feels that this will be his one great contribution to the campaign. As a matter of fact it is the only political speech for which he is scheduled at this time. It may be October before he speaks again, except for occasional short addresses by radio.

WALWORTH CO. TOUR

LEAD BY MERRIAM

Elkhorn—Alfalfa, sweet clover and rock phosphate were the centers of attraction on the annual county agents' tour in Walworth county this week.

K. L. Hatch, assistant director of extension; J. E. Wolff, state county agent leader; J. E. Sweeney, drainage specialist of the Wisconsin college of agriculture; the committee of the county board, and other interested parties, as well as county agents, made the trip to study outstanding agricultural developments of the year in this county.

The county agent for Walworth county, L. J. Merriam, was in charge. Other agents included were J. E. Wolff, drainage specialist of the Wisconsin college of agriculture; J. M. Coyne, Jefferson; J. P. Thomas, Waukesha; J. S. Williams, Kenosha; E. C. Thompson, Milwaukee; R. T. Glasco, Rock; M. H. Burton, Menasha.

The demonstrations attracting comment were the effects of cutting alfalfa twice and three times a season and of using rock phosphate. Sweet clover for pasture, clean milk supplies, and ton litters were other projects of interest.

The farms visited included those of Charles H. Brown, Elkhorn; Earl Palmer, Combs; Gordon holding plant, Lake Geneva; John Dunphy, Elkhorn; Ira Christensen, Walworth; William Kompeff, Sharon; George Harrington, Elkhorn, and Earl Stearns, Elkhorn.

SPRAY FOR KILLING OFF POTATO BUGS

New to the time to get busy with the potato bugs, which multiply rapidly when hot weather comes.

Killing the potato bugs early means the saving of a lot of time and money. The leading agricultural authorities advocate spraying with a mixture consisting of two pounds of arsenite of zinc to 50 gallons of water, or at the rate of two pounds to the acre. The arsenite water should be applied with a hand or power sprayer. Paris green has been used for many years for poisoning potato bugs, but according to experiments the arsenite is as effective.

DRUGGIST SAYS ORDER OF EKERN IS ALL BUNK

Janesville will continue to have one drug store selling whiskey on prescription, and also conducting a soda fountain, despite the ruling from the attorney general's office that this cannot be done legally. Ed. Smith, proprietor of the one drug store in the city that conducts a soda fountain, said Wednesday that he will not discontinue either, or not at least until a test case has been ruled upon by the supreme court.

Mr. Smith was emphatic in his declaration that he did not believe the state department could enforce it and declared that even if they wanted to, they could not use liquor at the soda fountain because the law says that the soda fountain is not a place where liquor can be sold. "I think that ruling is bunk," said the veteran druggist. "They can't put it into effect right away, because we have a supply of whiskey on hand, and then, too, we have our money in the soda fountain."

PRESENTED MEMORIAL TREE

Madison—James E. Meyer, commander of the Lutescent Fairchild Test of the G. A. R., presented the grand memorial tree to the state of Wisconsin at special exercises held at the state Capitol park this morning.

What is Missing Here?

Is this the way they look at your house on a hot day, a sultry night? Do you sweeter when you could be cool? Is there discomfort where comfort should be? And are you paying the price in lowered vitality? What is missing from the picture—your home or office—is the sound and simple electrical appliance that provides comfort and a new lease on life in even the hottest weather. So,

BELOIT TESTING RECORDS

One more record comes to Beloit county as the result of the remarkable production of Mary Ann, registered Brown Swiss cow in the herd of Bert Skinner, Beloit, one of the best producing herds of the Swiss cattle in the United States. This three year old has milked 8,753 pounds of milk and 504 pounds of fat in a three year old in 24 months and on the 10th month made 50.1 pounds of fat in the Beloit-Stock county cow testing association. The previous record for a three year old in 24 months was 8,753 pounds of milk and 504 pounds of fat. The new champion will continue on test for the full year and will be put on official work at the next testing period.

Beauty, the Holstein cow in the Rockwell and Katterhagen herd, half-sister to the champion Mary Ann, has a record of 528.2 pounds of fat and 15,222 pounds of milk in six months and topped the association the last month with 78.3 pounds of fat and 2,265 pounds of milk. Kite followed close with 77.5 pounds of fat. These cows are milked three times a day.

Five increases in production in the association indicate the merit of testing work. Good records were made by the Glenview herd of J. M. Halderman and the Shorthorn herd of Gravelle and Sons. "Sis" a pure-bred Guernsey owned by Roy Jones topped the twice-a-day class with 69 pounds of fat from 174 pounds of milk with another grade in the J. W. Wehler herd making 47.6 pounds from 1639 pounds of milk.

The Jersey herd of J. B. Smiley topped the association with the 103 pounds of fat from 174 pounds of milk. The herd averaged 42.2 pounds of fat. The herd averaged 31.9 pounds of fat in May and test association work corrected errors in feeding to the production without additional feeding expense.

COOLIDGE TENDS TO WHITE HOUSE JOB

(Continued from page 1)

between one tax plan and another. The important fact to the republicans is that Secretary Mellon and President Coolidge recommended tax reduction and tax reduction was accomplished under the present administration.

The La Follette-Wheeler organization is expected to furnish about all the fireworks which may be exploded between now and election day, but it is the republican plan to ignore this third ticket. That was the meaning of Chairman Butler's statement that the republican campaign would be uniform in all sections of the country. There is to be no fight against the independents as such. The republican scheme of campaign is wholly an alternative one. The effort will be to keep President Coolidge "sold" to the American people.

Mr. Coolidge is quietly formulating his speech of acceptance to be delivered the evening of August 14. He has plenty of time and will not rush the manuscript. The president feels that this will be his one great contribution to the campaign. As a matter of fact it is the only political speech for which he is scheduled at this time. It may be October before he speaks again, except for occasional short addresses by radio.

Stay in White House

There is no disposition on the part of Chairman Butler or other leaders of the party to urge a more strenuous campaign program upon the president. They are more than willing to consent to his wishes for such seclusion in the White House as possible and they believe Mr. Coolidge is a far more effective campaign stickler to the work of government there in Washington than he would be by being from place to place about the country, talking politics and thinking politics only. Various state leaders are not of a mind on this subject, however. They naturally are desirous of having a visit from the president and nominee. There are factional differences in many states that make the outside a bit dubious, and the local leaders believe a visit from Mr. Coolidge would do much good. The president has no intention, however, of going in for that form of campaigning.

WEDNESDAY will be HOME COMING DAY AT THE GREAT "Pumpkin Show"

There will be a Special FREE SOUVENIR for all those who attend. A Big Race Program. GLORIOUS FIREWORKS EVANSVILLE JULY 30, 31 - AUGUST 1, 2

Less Gold in U. S.

(BY ASSOCIATED PRESS)

New York—Canada by 1926 will displace the United States as second in the ranking of the gold producing countries of the world, in the opinion of Louis D. Huntton, New York mining engineer and a former president of the American Institute of Mining and Metallurgical Engineers. Canada is now third, Africa ranking first.

Mr. Huntton, after a prolonged study of the Dominion's gold districts, reports his conclusions in the official journal of the American Institute of Mining and Metallurgical Engineers. Canada's output of gold is increasing rapidly, he says, while in the United States and 1919 there has been a rapid decline.

ORGANIZE COUNTY FOR DAIRY SHOW

County Committee Named to Promote Local Interest in Dairy Classic.

Rock county was organized during a meeting in the court house Wednesday night for promoting local interest in the National Dairy show to be held in Milwaukee Sept. 27-Oct. 4, both in exhibits and attendance.

Different committees were appointed and an executive committee named to counsel on problems relating to the dairy classic. County-wide representatives present gave their support to "letting the best of Rock county show itself on the map, stronger than ever." The best of the Rock county show herds, with the exception of the Milking Shorthorns, which are not eligible for the dairy show under present rulings, will be exhibited at the national show with the best in the dairy calf clubs.

Rock county was on the map, stronger than ever. The best of the Rock county show herds, with the exception of the Milking Shorthorns, which are not eligible for the dairy show under present rulings, will be exhibited at the national show with the best in the dairy calf clubs.

Will Have Hands

In connection with the dairy cattle exhibit and judging in the state fair arena, there will be a mammoth exhibit of dairy machines and equipment in the Milwaukee auditorium. Both the girls' band and the boys of the Janesville high school will be taken to the National and an effort made to have as many Rock county people as possible attend on this day in a convoy.

At the coming dairy show, visitors will be urged to make day trips out from the exhibit to view Wisconsin dairymen under practical farm conditions. Rock will make a bid to have visitors inspect the dairy farms of the county, advertising as the county specialty, the high producing grade cattle, profitable farms and Milking Shorthorns. Visitors will be given

Sisters Observe Golden Anniversary Same Day

Two sisters, Mrs. James Caughlin, 1215 Pleasant street, and Mrs. Mary Davis, 37 South Main street, celebrated their golden wedding day Wednesday at the Caughlin home, with 50 relatives and friends as guests at a 6:30 dinner.

Mr. and Mrs. Caughlin received callers all day Wednesday at their home and with Mrs. Davis were the recipients of many beautiful gifts that included gold pieces, baskets of yellow and white flowers, and wadding cakes in addition to many congratulatory cards. Mr. and Mrs. John J. Cox, Mineral Point, and Mrs. Joseph Cox and family, Trif, were out of town guests at the celebration.

For the past five years, Mr. and Mrs. Caughlin have lived in this city but Mrs. Davis has made her home here only for seven years. Her husband, Winfield Davis, was killed in the mines at Truman 15 years ago.

The Misses Mary Jane McConnell and Katherine McConnell were married to Winfield Davis and James Caughlin July 2, 50 years ago at St. Paul's church, Mineral Point where James O'Keefe performed the ceremony.

Mrs. Caughlin was born at Seales Mount, Wis., and Mrs. Davis was born at Mount Pleasant, Minn. They were both married to Mineral Point. In her reminiscences Wednesday.

3,000 Attend Church Picnic

[SPECIAL TO THE GAZETTE]

Edgerton—Three thousand people attended the annual gathering of the Koshkonong Lutheran church Wednesday on the Albion Campers.

The program opened with an address in Norwegian by the Rev. C. J. Eastvold of Northfield, Minn.

The Rev. Mr. Eastvold talked of Norway, of immigration of Norwegians to this country and the hardships of early settlers.

A picnic dinner was served on the campus. Following the dinner, the Rev. L. M. Glimmestad, Orfordville, gave an address in English, telling the history of the plot.

PLAYGROUNDS SET NEW MARK FOR USE

16,000 Attendance for First Three Weeks Big Increase Over Other Years.

Comparative figures for the first three weeks following the opening of the city playgrounds show an increase this year of almost 4,000 over those for the corresponding period of last year, according to a report prepared by Arthur Wheeler, director. A steadily growing attendance for several years is noticeable. In 1921, the number making use of the playgrounds for three weeks was 8,177; in 1922, 11,860; in 1923, 12,168; and this year, 16,010.

Similar increases are noted in the total attendance for the eight weeks each year. During 1921, the total for the entire season was only slightly greater than the attendance so far this year, with all of August yet to be counted. The exact figure, according to the report for that year, was 19,182, about 3,000 more than for the first three weeks this year. The total for 1922 was 31,627, and for 1923, 35,693.

Each Week Shows Increase

Attendance for the week just passed, at 5,780, was 1,200 greater than the corresponding week a year ago, and each week has shown similar increases, despite the unusually cool weather and frequent rains, which have kept many away.

Figures for the first three weeks this year and in 1923 were as follows:

1923

First week 3,574 5,723

Second week 4,408 4,597

Third week 4,588 5,780

Total 12,570 16,010

In 1921, the total for three weeks was but 8,177, and in 1922, attendance for the month of July was placed at 16,119.

Prepare Beach Count

Those making use of the two swimming beaches have been somewhat smaller in number this year than last, largely on account of the cool and rainy weather. It is stated. Statistics have not been made out so far this year, but are being prepared. It is estimated that if warm weather continues through August the attendance will be about the same as last year, since it was cool during the closing weeks then and has been cool during the early part of the summer this year.

TRAXLER TO MEET RAIL ENGINEERS

Hopes Conferences Next Week Will Assure Crossing Pavement This Year.

City Manager Henry Traxler is making arrangements for a trip to Chicago next Monday or Tuesday to confer with officials of both the Northwestern and Milwaukee railroad companies in an effort to get the Five Points and Academy street crossings paved this year. There is also a single crossing on Race street near the Fourth avenue bridge which it is hoped will be paved this year by the railroad companies.

Mr. Traxler has addressed inquiries to both C. E. Lawth, chief engineer of the Northwestern, and C. E. Smith, chief engineer of the Northwestern, asking for a conference on either Monday or Tuesday.

St. Paul Hasn't Money? The city manager stands now the matter of the crossing pavement is in doubt. The Northwestern stands ready to proceed with its part of the work at once, but the Milwaukee is holding out for a conference.

The council has ordered both crossings improved and hopes, through conferences between the manager and railroad officials, to bring the work to completion this year without resorting to legal measures.

Underground Work Rushed. With the paving contractor now well started on the 1924 program, the city is kept well ahead in its underground work.

H. A. Griffey, announced the completion of all lateral work on Sharon street. Thursday, and said the foreman would be working on the main line of Sharon street in the Fourth ward. The work of laying water mains has been held up a few days because of damage to the trenching machine.

Another crew of the department of public works is busy laying storm sewer on Western avenue and Main street.

Installations of gas mains on streets being paved are gradually being completed by the New Gas Light company. It was said Thursday by I. E. Wortendyke, president of the company, that the work is well advanced.

Wortendyke estimates the work made necessary by the paving program will cost the gas company around \$10,000.

The gas company's crew of 12 or 14 men is doing the work, and has completed extensions in the First ward and will be through in the Second by the end of the week. It is said that extensions, other than to run the pipe out to inside the curb or outside of the area to be paved with concrete, are being made.

Assurance that the gas company will meet the situation which results from paving programs are carried out, have been given by Wortendyke and is being fulfilled.

Fireman's Widow to Carry Pension Claim to Grimm

The pension claim of Mrs. Tilly Truesdell against the city of Janesville, rejected by the firemen's pension board Tuesday night, will be taken to circuit court.

Charles A. Enslow, attorney for Mrs. Truesdell, said Thursday that application for a writ of mandamus would be filed before Judge George Grimm and continued action taken.

Mrs. Truesdell contends that her deceased husband, George Truesdell, a former member of the fire department, died from pneumonia contracted while fighting the Carlisle block fire early in December, 1915.

Kem-Etta Co. Producing Tables

In operation for one month, the Kem-Etta Mfg. company, which should skip the plant at the corner of Milwaukee and Locust streets, is enjoying a good production, turning out 125 radio tables daily, James Van Etta, in charge of production, said Thursday.

A force of 24 is employed and orders have been received from all over the United States. Mr. Van Etta declares the factory is concentrating on the manufacture of radio tables for which there is a large demand. It was said. Other novelty tables will be made as the demand warrants.

With present facilities, the production can be increased to the 400 a day mark. Mr. Van Etta said, but is not expected to be unless an increase in demand for the product becomes evident. Orders now on hand assure production for several months on the present scale, Mr. Van Etta said.

Reducing Loss on Shipments

A new road in the campaign of the carriers of the country to prevent loss or damage to shipments in transit has just been established by the American Railway Express, according to P. H. Behling, local agent.

Figures tabulated for June show that only 2.26 shipments in every thousand are involved in the claim, giving the company a record of 99.73 percent. The June rate is the lowest in the history of the company, since its formation six years ago. It is an improvement of 25 percent over June, 1923.

Local employees of the company are holding monthly "Right Way" meetings to study and discuss ways and means of reducing loss and best methods for handling traffic.

USE THE LIBRARY

Going north for your vacation? To those who intend traveling to a land where the sun is always smiling, hold a special fascination, streams, snow-covered mountains, the color of autumn and summer landscapes are easily called to mind. The winter of 1924-25 is the best time to go to a broad land of the country and learn a few facts such as where to go and how to go.

OBITUARY

Mrs. Margaret Peterson.

Whitewater—Mrs. Margaret Peterson, 52 years of age, died at her home here at 130 1/2 W. Wednesday, after an illness of 18 months. She was born in Norway, Nov. 15, 1871, and came to this country in 1885, and was shortly after married to Andrew Peterson. Since her marriage she has always resided on the same farm, near Whitewater lake, seven miles from here, where she died.

Survivors are three sons: Peter, Albert and Carl. Peter has made his home with her on the farm home-stand and the other sons live near. The funeral will be held at her house at 2 p. m. Friday, with services at the First Prairie church, Rev. T. Saxvold officiating, at 230 p. m. Burial will be in Heart Prairie cemetery, near her home.

Mrs. Minnie Mabel Conter. Whitewater—Mrs. Minnie Mabel Conter, 58, died at 2:15 p. m. Tuesday of tuberculosis at Forest Lawn sanatorium, Jefferson. After being ill for some time, she entered the hospital on May 7. Mrs. Conter was born Feb. 25, 1856 at Cold Springs, near here. She is survived by her husband, Roy Conter, two sons, William, aged 20, and Kenneth, 18, and one daughter, Josephine, aged 3 years. Her father and mother, Mr. and Mrs. Charles Smith of Fort Atkinson; three sisters, Mrs. William Sutherland and Mrs. James Cummings, of Whitewater, and Miss Della Smith, of Fort Atkinson; and three brothers, Robert, Earl and Leo of Fort Atkinson. The funeral will be held at 2 p. m. Friday at the Congregational church at 2 p. m., Friday, with the Rev. Neal Hansen officiating. Burial will be at Forest Lawn cemetery.

Express Workers Get Wage Boost

Fifteen employees of the American Railway Express company in Janesville will benefit by the wage boost recently granted by the United States railway labor board.

The decision of the board against the express company granted pay of time and a half for over time after eight hours. Under existing rules, local employees were granted time and a half over time pay only after nine hours.

Although the order will affect local workers, it is expected to make a small difference in the pay roll sheets, according to P. H. Behling, local agent.

The petitioning unions in the action were the Brotherhood of Railroad Employees and Steamship Clerks, Brotherhood of Freight Handlers, Express and Station Employees, the order of Railway Express Drivers, Chauffeurs and Conductors.

30-Day Jolt for Drunken Driver

Frank Beckington, Deloit, was given a greater shock than that produced by liquor when he was sentenced to 30 days in the municipal court of Deloit, Thursday morning, for driving a car while intoxicated brought the car to a similar charge early Monday by Constable Merton Miller, got a \$100 fine.

FOUR CRIMINAL CASES HELD OPEN

The case of Mary E. Cary, charged with possession of illegal intoxicants, has been held open by Judge H. L. Maxfield in municipal court, due to the absence of Stanley G. Dunwiddie, district attorney.

No date for the continued preliminary hearing of John Wilhelm and Mike Struz, alleged leaders of a gang of automobile thieves, has been set.

A. C. Buchanan, accused of entering the James Gregory restaurant, will have a hearing with the return of Mr. Dunwiddie.

DYNAMITE STUMPS AT RIVERSIDE PARK

A shipment of dynamite stumps has been received by the city for use in grubbing stumps at Riverside park in preparation for a park drive to run from the candy house to the pavilion. The drive will be about 2,000 feet in length. Blasting of stumps was started Wednesday afternoon near the Northwestern railroad tracks.

The delay has been caused by one of those proposed by Charles H. Lawrence, landscape architect, Davenport, Ia., in his plan for development of the park.

RUDOLPH SPRECKLES A BOB COMMITTEEMAN

Washington, D. C.—Senator La Follette's 101st executive campaign committee, which will conduct his independent presidential campaign, will include Rudolph Spreckles, the California banker, and Senator Frazier of North Dakota, new listed as republican.

Morris Hillquit of New York, who has been actively identified with the socialist party, was also named on the committee today. The others, except for one selection yet to be made are men and women who have been identified with the movement from its inception.

The committee will be called together as soon as possible for a meeting with Senator La Follette to formulate campaign plans. Representative Nelson of Wisconsin was chairman of the committee and will return from Chicago tonight or tomorrow for the meeting.

Juda — H. V. P. of the Baptist church will meet Thursday evening.

\$1,200 LOSS IN 2ND WARD BLAZE

Barn at Woodring Home Destroyed in Early Morning Fire.

Fire of unknown origin destroyed the barn of W. W. Woodring, 303 Milton avenue, at 1 a. m. Thursday, with loss of \$1,200, partly insured. A number of valuable tools were lost.

The blaze occurred during an electrical storm and may have been started by lightning. The entire neighborhood was aroused by flames that shot high into the air and drew half a hundred scantly clad people. Burning brightly under the fire it was quickly making the steeple of St. Mary's church stand out as in day-light and causing some to fear the Adams school was burning.

Though there is a hydrant directly in front of the Woodring home, firemen were forced to approach the blaze from East street and lay 1,000 feet of hose through an alley because of paving construction on Milton avenue. The department arrived and had a stream playing on the barn before the Woodring family was dressed. The flames were fought in about 10 minutes. The alarm was given by telephone at 1:10 o'clock. Some one later turned in another from box 27 after the firemen were on the scene.

"The fire company certainly was prompt," said Mr. Woodring. Charles Ward awakened the Woodring family.

WINS DIVORCE IN BELLOIT COURT

Charges of non-support and habitual drunkenness on the part of Charles Hanson, Chicago, earned Mrs. Hazel Hanson, of Janesville, a divorce decree in the Beloit municipal court Wednesday afternoon. The two were married at Rockford, Ill., April 2, 1921, and their married life was short. It was testified, Mrs. Hanson testified, that her husband was a drunkard and a gambler. She testified that she had been driven to Beloit by her husband and that she had been driven to Beloit by her husband and that she had been driven to Beloit by her husband.

DAN CAMPAN IS A BENEDICT AT 71

New York—Daniel J. Campan, Detroit lawyer, reformer and controlling owner of the Chicago Horseman, was married yesterday to Mrs. DeMille, widow of this city. After a major trip through the White mountains, they will go to Detroit, where they will make their home.

Mr. Campan is 71 years old and this is his first marriage. From 1886 to 1890 he was collector of customs in Detroit. He was long a member of the democratic national committee.

CAR DESTROYED BY FIRE AFTER TURNING OVER

Fire destroyed an automobile driven by James Crowley, Janesville, Wednesday afternoon, after it had turned over on the Afton road near Janesville.

The accident occurred when Mr. Crowley, in company with Ray Kemmerer and Albert Blum, local men, were driving to a funeral in Afton.

The car, it is said, was headed off the road by Mr. Crowley, an inexperienced driver. Mr. Kemmerer, who was in the front seat, frightened by the move, pulled the emergency brake back. The car veered into the ditch and turned completely over.

The occupants of the sedan escaped unharmed, but the car was in a mass of flames within a few minutes. It was entirely destroyed. The machine was the property of Miss Marie Crowley, a daughter of the driver.

WITNESSES WEAVE WEB OF GUILT IN 2ND DAY'S TRIAL

(Continued from page 1.)

front, was offered in evidence. The witness said she had seen a similar robe in the Leopold home.

She was cross examined briefly by the defense counsel.

Four University of Chicago students, who made a search of the law school, were called to tell what they knew of the typewriters. The best they could do was to say the machines they saw at the Leopold home were possible.

Typewriters in Evidence

The portable Underwood offered in evidence by the state was the one grappled from the bottom of a park lake by the investigators after the confession of the two youths.

As a part of their plans to cover their crime, the state pointed out in its opening statement yesterday, Leopold had jotted the letters from the machine with a pencil and stream of ink in scattered sections of the lazoan. The bulk of the machine and its cover was tossed into another part of the lazoan.

Spurred Up Case

There was a noticeable speeding up of proceedings today. Robert E. Crowe, with the assent of the defense, asked leading questions of the witness in his opening statement, which in his opening statement, he had indicated was "not fit for public knowledge."

Clarence S. Darrow and Benjamin Bachrach, defense attorneys, were the only persons beside the judges who were given this material.

The chisel brought into court also was inspected by Albert Huhling, hardware store clerk, who said the state's exhibit resembled a chisel he sold to Leopold and Loeb.

Huhling also told of having sold rope to the young men.

The rope, claimed by the state to have been that with which the young victim was tied, was introduced in evidence.

Aaron Adler told of having sold a pint of "chemically pure" hydrochloric acid to Nathan Leopold. He had sold no acid of that strength for some three years, the witness said. It was the strongest grade obtainable, he added. The state offered the bottle in which the acid was sold.

Tony Minke, a workman, called to the witness stand in the Leopold-Loeb hearing today, told of the finding of the body of young Robert.

EVANS FIGHTING TO HOLD GOLF TITLE

(By Associated Press.)

Chicago—Chick Evans, defending his title as western amateur champion, in the third round of the state golf club was three down to two at the end of the first 18 holes to James Stanton of St. Louis.

Manion broke par by two strokes on the first nine, and was 2 up at the turn, although Evans shot two strokes. The St. Louis player won two more holes on the

TODAY'S MARKET

GRAIN

Chicago Review

Chicago—In a big, rapidly swinging market, wheat averaged lower in price today during the early decline. The market at this time covered a range of 26 or more, selling was largely a profit-taking venture, and the market was more or less in the hands of yesterday's advance. Besides fresh black stock reports here from Canada, the morning indicated that the amount of damages would depend on weather developments, turning prices which varied from 1 1/2 to 1 1/2. Advance, September, \$1.25 1/2; 1925, and live, \$1.31 1/2, 1925, was followed by a rise all around, the market being above yesterday's finish and then by irregular material setbacks, with a few transient rallies.

New high price records for the year were reached in the wheat market today, heavy profit taking being brought about a reaction. The close was extremely nervous and unsettled. The 1925 wheat was yesterday's finish, September, \$1.25 1/2; 1925, and live, \$1.31 1/2, 1925, was followed by a rise all around, the market being above yesterday's finish and then by irregular material setbacks, with a few transient rallies.

Weather conditions were favorable for the wheat crop, but considerable heavy frost later. The close was weak to 1/2 lower, December 31 to 31 1/2.

Barley started at 1/2 decline to 1 1/2 advance, Sept. 17 1/2; 1925, later months showed a rise. Lower quotations on close had been down to 1 1/2.

WALWORTH COUNTY

ELKHORN

MRS. GRANT HARRINGTON.

Elkhorn—Among the 1,500 people who gathered under the old oaks in front of the courthouse for the fourth annual fair, this city and her people, Tuesday, to pay their last tribute of affection to Judge Jay W. Page, and have not been mentioned, were John A. Simmons, Edward DeWitt, J. A. Crook, J. Allen Shippin, W. D. Foley, Vilas Whaley, S. Hand and Wallace Inall, Jr.; Judge David Agnew, Henry Lockwood, J. K. Jones, Donald H. Malone, Marcus Johnson, A. N. Combs and C. W. Kimball, Waukesha; Judge Clifford Danahill, Kenosha; George Waller and Attorney Nettie Karcher, Van Kester.

William A. Prash and Margaret C. Wadell, both of East Troy, have applied at the county clerk's office for a marriage license.

The Janesville Canning company has started in the late crop of peas. This crop is better than the early one.

State Superintendent of Public Instruction, John H. Madison, was in Elkhorn Wednesday.

Miss L. L. Ferris observed the 17th wedding anniversary of Mr. and Mrs. Norton L. Carter on Wednesday, and gave a dinner to a few friends.

The 13-22 club is meeting Thursday evening with Mrs. George Kellogg, South Church street.

There will be a drive on Saturday by the volunteers of America for the benefit of prisoners of war. The drive will have charge of the young people who will put out the cars.

Personals
Mmes. T. H. Harris, Harry Cahn, Arthur Dealing and John Slattery were guests of Mrs. M. J. Jones, Racine, Thursday at a mid-day dinner and other entertainment. Mr. Jones was the contractor on the city paving here.

Rev. and Mrs. Fred Harrison and two daughters, Elmhurst, Ill., were guests of Mr. and Mrs. George Potter, two days this week.

Mr. and Mrs. James Henderson, Geneva, were called to Elkhorn, Monday by the critical illness of their sister, Mrs. Henry Abernathy. Miss Eva Kellebrew, an intimate friend, also went to Elkhorn.

Rev. and Mrs. Charles Attridge, Holton, Minn., visited Mr. and Mrs. Glynn Larson, Tuesday and Wednesday, while on an automobile trip this way.

Miss Elmer Ridgway was called to Alexandria, Mo., Tuesday, by the illness of an aunt, Mrs. John Ridgway. Mr. and Mrs. Ridgway returned Tuesday.

Nebraska, touring Wisconsin, are visiting old time friends and neighbors at Spring Prairie. Mr. Hubbard lives in Elkhorn at one time.

Judge and Mrs. Charles Rogers, Mezzera, and Mmes. Chester Casswell and John Hinkman, Port Atkinson, spent some time at Elkhorn this week, called by the death of J. W. Page.

Mrs. Harry Orndy and son, George, Durand; Miss Leola, Onuma, and Mrs. Alma Barker, Creighton, Neb., were friends from a distance called here by the death of Mr. Page.

Matthew J. Toppus, Madison, Wis., visited Elkhorn Wednesday. Mr. Toppus was secretary of the state board of control for 28 years.

FONTANA

Fontana—Mmes. Ida Smith and J. W. Weston attended the Reuben convention in Walworth Friday.

Margaret Bultinger, Delavan, spent Friday at the Driscoll Sullivan home. A son was born July 18 at Mercy hospital, Janesville, to Mr. and Mrs. Bultinger.

Mr. and Mrs. L. Bond, Dundee, spent a few days with the latter's sister, Mrs. L. C. Potter.

Joseph Rowbotham spent Sunday at the home of his son, Lyle.

Clayton, Onuma, Janesville, was home during the week-end.

Mr. and Mrs. H. D. Davis and children called in Big Foot Friday night.

Mrs. Harold Lovelace and daughter, Margery, Rockford, are visiting with friends in here previous to going to Louisiana to make their home. Max will spend the summer here.

Mr. and Mrs. Frank Buckles called in Libertyville Sunday.

Fontana—Henry Ahnfeldt entertained company from Chicago over the week-end.

Mrs. Nancy Jackson and son, Floyd, spent Sunday at the Dell Warner home in Zenda.

Mr. and Mrs. William Boyington spent Sunday at Palmera with their son, Wayne, and family.

Mr. and Mrs. Clifford Pierce and children were Sunday guests of Mrs. Carrie Blyden.

The Frank Hollister family of Rockford were Sunday callers here.

An invitation is extended all who are interested in the choir of the community church to be present Thursday evening at 7:30 at the church.

Mr. and Mrs. William Milligan, daughter, Ruth, and two children of Evansville, are spending a week with them.

Mr. and Mrs. Fred Remell of Chicago came Saturday to spend the remainder of the summer at their cottage in Rock's park.

DARIEN

Darien—Mr. and Mrs. O. H. Capen and daughter, Elizabeth, motored to Madison Sunday. Miss Elizabeth remained for a two weeks' visit with Mr. Margaret Christensen.

Mrs. Ben Sweet returned Sunday from a week's visit at the home of her son, Elmer, Janesville.

Mr. and Mrs. William Eckenbrodt visited Edinburg friends Sunday.

Mr. and Mrs. Charles Dearsley and children motored to Whitewater Monday.

Miss Leah Rockwell went to Waukegan Monday to visit Miss Rose Nelson.

P. H. Johnson has purchased a new sedan.

Mrs. A. S. Olson returned to her home in Loyal Saturday after a week's visit with her sister, Mrs. Henry Rockwell.

Mmes. J. B. and E. H. Johnson and sons motored to Milwaukee Sunday and visited Mr. and Mrs. J. B. Johnson, Jr.

The E. A. A. E. G. E. and T. B. Richardson families and Mrs. J. E. Wood

FAIR PROGRAM TO BE GREATEST YET

Four Days and Nights of Entertainment Will Open Aug. 5.

The complete program of entertainment for the Janesville fair this year is the most comprehensive in the 12 years' history of the institution. This is true especially with the addition of one evening to the night fair, making it four nights instead of three as in the past, and with a fireworks program that exceeds anything ever seen here.

The list of free vaudeville attractions is a fine one. It will be given both afternoon and night each day of the four—Aug. 5, 6, 7 and 8.

The first of these acts is the "Casting Campbells." This is a troupe of four American gymnasts capable of performing every known somersault in the air—single, double, twist, pirouettes. They show a variety of feats performed with uniformity of skill and speed and introducing comic elements commanding instant attention.

Another act is that of the "Three Weber Girls." They display a difficult series of acrobatic stunts that usually are attempted only by men.

A new attraction is that of the "Australian Waiters," who manipulate. These folks, Billy White and two women, crack whips with such skill that the flick of the tip cuts as keenly as a razor blade. Some of their tricks are to crack the whips from a cigarette while held in the mouth, snapping off the neck of a bottle from a match, lighting a match, cutting paper, pulling the trigger of a gun. One of the whips used is 60 feet long.

The fourth act is a distinct novelty, that of J. L. Kerslake, "The Farmer and His Pigs." Here are pigs, to quote Mr. Kerslake, "that are more than funny and wonderfully trained." However, it is the quaint personality of the owner of the act that makes it a success.

The programs for the four days follow:

TUESDAY.
Afternoon.
Children's day with races and games for children of all ages under direction of A. B. Bergman, community boys' work director, with liberal prizes offered.

Four free acts of vaudeville.
Farmers' race, purse \$25, team hitch to wagon; best 2 in 5.

Farmers' race, purse \$25, single hitch to wagon; best 2 in 5.

OPEN 4TH AVENUE PAVING AUGUST 5

Progress Beyond Prospect Avenue in Work on Milton Avenue Job.

Paving of Milton Avenue was started by the H. H. Russell & Sons Construction company Tuesday, and by Thursday work had progressed to a point north of Prospect Avenue. Paving is being done on the east side of the street from Milwaukee Avenue.

Wednesday morning the last of the Fourth Avenue project was finished with the laying of the uncompleted

half block between North Main and 13th streets. The new mixer, recently received, was put into use on this job.

Fourth Avenue is now completely finished from Main street to Milton Avenue, and will be open in full by Aug. 5. Parts of the street will be opened before that time, but the entire project will not be ready until later.

More than 130 square yards of concrete was laid upon Milton Avenue near Milwaukee Avenue after the Fourth Avenue job was finished Wednesday morning. The equipment was then moved up and progress started on the street from Tuesday's stopping point. It was estimated that about 600 square yards additional was laid Wednesday afternoon.

Two mixers will be used on the Milton Avenue project and it is hoped to complete the job within a short period.

Replace Car Tracks
Tearing out of the North Washington street car tracks was started Wednesday by a road crew of the Rockford and Interurban Railway company from Beloit.

The workers expect to have the track from Mineral Point Avenue to Highland Avenue out within a few days. The grade of the track will then be brought down about five inches and the track relaid. Workers for the H. H. Russell & Sons company expect to finish grading the street Thursday.

Panel Street Open
The last two blocks on Pearl street have now been opened to the traffic. The blocks involved are from Mineral Point Avenue to Ravine and from Ravine to Pleasant street. Pearl street is now open its full length, from

complete the job within a short period.

Busy Man's Sport Page

By FRANK SINCLAIR

THOSE deposters are having the best of it in the American league this year than for many moons. Detroit's rise to the leadership goes the experts' prediction and even as much as five better. Some said before the season that the Tigers had a chance to go into third place and others into fourth. They kept up the present form everything will be giving up the ghost. Washington's for the first time in the league's history, the first place, the biggest surprise of all for the Senators were considered as full-blown when the year started. St. Louis was a possibility, but now they are fourth. The one thing that holds true is that the New York team was thought to be a puzzle. One of the standouts are looked over, the vital fact is that there are but 15 games between first place and last.

CHICAGO'S constant fight to get into the National league is far above what was predicted of the Cubs. They were given a chance to get somewhere in the second or third place, but now they are in the seventh. Here they are sticking in second and making it more than usually interesting for the Chicago fans. Another outburst that was scorned as a flag-chaser, was pulling forth a real battle to get above third place. While Pittsburgh is running true to form in occupying fourth.

COMES Detroiters are going fast and furious. The Tigers are in the lead, they had won 12 out of 15 starts on their invasion of the east. Detroit has a fine string of winners, and in fact, are "on." Cobb has two moundmen that are dangerous for any club. Those fellows are the recruits, Wells and Whitehill. Both these men are going to be hot for all comers. On the other hand, the Yankee pitchers are not doing so well while the New York batsmen have fallen into something of a slump, which, however, should be but a temporary thing. Washington is not doing quite so well right now in a race that is looking more and more like a long game in order to stay up with the leaders, but the Nationals are still strong in reserve power.

France wins Olympic cycle race. Fayette National, Milwaukee owned, wins \$10,000 2:08 Kalamazoo trot.

British predict Olympics are headed to discomfiture because of poor sportsmanship.

Canadian Davis cup tennis team meets Cuba, Thursday, at Ottawa in cup play.

DIAMOND SPARKLES

Flashing the air on American league peaks too rapidly, the Detroit Tigers' advantage over the Yankees is now in the hands of the Yankees. The Yankees, who Thursday were more than the parade by the usual ball game, paraded Washington made a costly blunder, losing the game to the Yankees, by holding another to his recent string of victories, thereby exposing to within half a game of the Yankees and a full game of the Yankees.

The Detroit-New York clash was a kind which produces heart disease, nervous prostration and material for best sellers. The Yankees, who were badly nailed at the plate trying to stretch his three batters in the ninth, dropped the ball after tagging the runner and prolonged the agony until the 14th inning. The Yankees' bid was decided and the argument in the Yankees' favor, 4-3, "concentrated their attack in the fourth inning, the Senators took a 2-0 lead. It was Washington's third victory of the series over Chicago. Gray, the Athletics' recruit sensation, was on form and at St. Louis, he secured a 2-0 win. Unusually reminiscent of the days of rounders was displayed by Cleveland and Boston, the latter pulling a 10 to 12 triumph out of the matter. Metelling who hit Cincinnati down with three hits, was the whole show in the Giants' 5-1 decision over the Reds. Profiting by a lead over the Yankees, Chicago secured enough runs in the first inning to win from Boston. The final count was 5-2. Brooklyn rivaled itself more than in third place by snatching a 2-0 victory from Pittsburgh in 10 innings. When made five hits in six many attempts, and Eubank poked out his 22nd homer of the season. The Phillies made a four straight from St. Louis to the tune of 5-2. Cy Williams raised his home run total to 11 and Hornsby registered his 12th clean belt of the year.

Col. Robert M. Thompson, head of American Olympic committee, says Olympics cannot friendly relations between nations.

U. S. cycling team leads in Olympics. France taking first.

Bob Gardner and Dave Herron eliminated from western amateur golf meet.

SLAPS ABOUT SCRAPPERS

Georges Carpentier and Gene Tunney, scheduled for 15 round bout at Polo Grounds, New York, Thursday night, complete training. Jack Bernstein, Yankees, won Judges' decision over Jack Zivie, Pittsburgh, at New York. (12-10) Paul Moore, Chicago boxer, makes \$10,000 dubbing in wheat. Filpo arrives in U. S. for fight with Wills, but crowds harbor him while shopping. Paul Herlenback meets Angie Hunter at New York, Thursday.

Amethystine, owned by Lady Numburghine, wins rich Irish Oaks stakes.

Oreste Pallini, Italian fencer, barred forever from Olympics because of attempt to procure duel with Hungarians.

22 HORSEMEN RIDE

IN CROSS COUNTRY. Twenty-two riders reached the village of Conshong from Russell Thursday in the annual cross country equestrian competition. They included Major Shann Dook of the United States, and representatives of 11 other countries. All European riders, when the jury finds that the conditions of the race have been fulfilled.

YANKIES PRINCE CHURCH

The New York Yankees, one of the best hitting clubs in the majors, rate Howard Eubank of the Yankees as the best effective pitcher in the American league.

Janesville Golfers Defeat Harlem, 33 to 27

ROCKFORD PLAYER IS LOW WITH 83, FIRST NINE IN 39

Janesville Country Club golfers scored their third victory of the season by defeating the Harlem Hills Country Club on the Macdonald road course here Wednesday, 33 to 27. There were 26 players from each club, the Nassau system of scoring being used.

Played palm of Rockford turned in the low end of the day, an 83 for 18 holes, nine above par and two below bogey. He turned his first nine in 39, just 2 down on par and 4 up on bogey. His second nine was done in 41. He had par on number 1, number 2, number 3, number 7 and number 8. He made number 6 in one below par. His two extra strokes came on number 1 and 5.

Lo Wilcox and Kenneth B. Jeffers were low for Janesville, each with an 85. Mr. Wilcox turned in cards of 13-12, making one below par on numbers 6 and 9 on the first round. Jeffers had par on number 1, number 2, number 3, number 7 and number 8. He made number 6 in one below par. His two extra strokes came on number 1 and 5.

Second low for Rockford was R. Nelson with 87, striking the 13th in one under par.

Jim Harris was third for Janesville with 87, striking the 13th in one under par.

At Tuesday's practice, there was a better attendance than for several weeks, but several were not present. One of the reasons the Janesville hit into a slump has been the lack of practice during the week.

Cambridge comes here, Sunday. From what the Janesville country team is now doing, they will form a real opponent for the locals despite the fact that they have been regular occupants of the cellar. Cambridge is playing at home in the first round, now as any team in the circuit. As a matter of fact, they have been playing better ball in the past three weeks than the Boosters.

Pick Lott and O'Connell as Possible State Champs

Milwaukee—George Lott, national junior tennis champion, and George O'Connell, defending Wisconsin champion, won their matches in the state tennis tournament here Wednesday and are looked upon as likely contenders for the championship in the finals of the tournament Saturday.

The other semi-finals will be determined late Thursday in the matches between Emmett Pace and Edmie Wilson and Joe Thielson and Jimmy Chapman. Lott will meet the winner of the Pace-Wilson encounter and O'Connell the winner of the Thielson-Chapman match.

Second low for Rockford was R. Nelson with 87, striking the 13th in one under par.

Jim Harris was third for Janesville with 87, striking the 13th in one under par.

Hum and Clatter of Binders Fills Air of Wheat Belt

Charles H. Greenhaus, 25, former Wall Street newsboy, is in position to realize a fortune of \$1,250,000 as a result of a stock market coup he engineered with a capital of \$2,500.

NORTH PORTER—George and Agnere Olin, hosts of the wedding, filling the room where the old bridge was removed, east of St. Michael's church, Sunday. Edmondson, Mrs. and Mrs. C. J. Lunde, motored from Madison Sunday. The guests included Mrs. and Mrs. C. J. Lunde, Claude Watson, Frank Youn, Mary McCarthy, C. W. McCarthy, E. Nichols, and brother-in-law, Frank McCarthy, Mrs. and Mrs. C. F. McCarthy, and Mrs. C. F. Downey and daughter, Margaret, Anna and John P. attended the funeral of Mrs. Mary Walker at the home of Mrs. M. A. Peterson, 1400 Madison, Chicago, where she died Tuesday. Mrs. and Mrs. Axel Nordling and son, Alvin, spent the day at the home of Mrs. Walter, Mrs. D. N. Kelly, Alton.—Herald-Jean, agent for Wilson's extra.

NEWVILLE.—Mr. and Mrs. Fred Rickardson spent Sunday at the Devils Lake resort. The family of Milton Amundson and Mrs. Austin Sandness and son, Fred, returned from a tour to the south. Mrs. and Mrs. Max Brown at Mr. and Mrs. Herman Goede spent Sunday at the Devils Lake resort. Mrs. Brown is recovering from illness at the Memorial hospital in Edgerton. Mr. and Mrs. Lex Brown announced the birth of a baby girl on Sunday, July 21.

This dainty summer frock developed in the new blue powder. Crepe roma is the material and the trimming consists of girdle, apron and sleeve panels of lattice of self material, apron finished with rose medallions.

American Mining Congress, which has been organized to oppose the proposed legislation, has lost the country is said to suffer every year through the destruction of gold coins.

The bill would allow prohibition of melting down of gold coins and the use of such metal in the manufacture of jewelry. It would also prohibit the use of a ban on such metal content that five, ten and 20 dollar gold pieces, minted at the mint, and the gold pieces, as they are removed from circulation and from the media of exchange, to be turned into gold bars.

The bill is based principally on the fact that gold has a fixed price, set by the government, and unaffected by the demand, unlike other commodities.

An anti-destruction law for gold coins was introduced at the convention and the attitude of the mining industry will be sought. The steps will be taken to have such bills presented in congress.

"Pumpkin Show" Radio Contest Rouses Interest

Much interest is being taken in the township radio voting contest in connection with the Rock County Fair and "Pumpkin Show" at Evansville, July 30 to Aug. 2. A standard radio set costing \$125 is to be awarded to the township candidate who receives the largest number of votes. Every person who attends the "Pumpkin Show" will be entitled to one vote for any candidate on the list.

Each of the 26 townships has a candidate who was named at the township day day or other representative gathering. The aim of the contest is not only to encourage attendance at the fair but to promote community spirit. A spirited effort is evident in many of the townships, "to get out the vote" for the local candidate and the outcome of the contest will be awaited with great interest.

The fair management believes that the contest will arouse the local pride of the township group as such and stimulate group cooperation and better citizenship. The radio set will itself serve as the means of getting folks together in the township wagon candidate is fortunate enough to win the set. Everybody in the township will eagerly await an opportunity to "listen in" on San Francisco, New York and other far-away stations that may be tuned in perfectly with this fine set. All the stations in America will be within reach of the lucky candidate.

Candies were received announcing the birth of a daughter, Anna Rosemary, to Mr. and Mrs. John Meely, Rockford, Ill., July 20.

Mrs. Margaret Meely has been the guests this week of her son, John Meely and family, Rockford, Ill.

Mrs. J. G. Babcock was given a surprise party Wednesday in honor of her 60th birthday. Eleven relatives were her guests.

Mrs. Leonard Wall entertained 12 children and their mothers in the back yard Thursday afternoon at a birthday party in honor of her daughter, Helen's third birthday.

Mrs. Everett Funk and son, Donald, spent Wednesday in Stockholm.

Mrs. Beth Bickel is visiting in Milwaukee.

Mr. and Mrs. Glen Eakin and children of Polk were guests of Mr. and Mrs. H. A. Lamm.

J. S. Pallen and son, Maxwell, were Rockville visitors Wednesday.

Mrs. Ruth Smith was down from the lake Tuesday and spent the day with Mrs. Walter Merritt and son, Pierre, who are guests at the A. L. Parks home, also spending a few days in Stockholm.

Edith Warner was a guest at the Fred Hansen home Wednesday.

Mr. and Mrs. T. C. Richardson, Mrs. Alice Richardson and Dr. H. M. Pogo were guests of Robert Young in his camp near Cookville Tuesday.

Dr. H. M. Pogo and Robert Young left Wednesday for Richard Center and Wisconsin to join Mrs. Pogo and Janet there for a brief visit.

Mr. and Mrs. Fred Hansen and family left Wednesday for a few days' outing at the Robert Young camp near Cookville.

Mrs. Mary Miller left for Clear Lake to visit her mother and sister after having been the guest of her sister, Mrs. E. W. Babcock.

Fred Rodd and Chance Miles spent Monday in Dodgeville.

Misses Winifred Salisbury, Dor-

ACTRESS QUILTS DISPIRITED BUT RETURNS TO WIN

Once upon a time pretty Norma Shearer left her home in Montreal to try her luck in the movies. She failed and returned home. A year later she went back and now is one of the best known of the younger actresses.

WHITEWATER

MRS. GRACE SAYRE
Correspondent and Manager White-
water Circulation. Phone 440-3.

White-water—The Kinzie club of the Kinzie Rubber company will have its first annual picnic at Turtle Lake Saturday. All former employees and members of the families are invited. The factory will close all day. Games, with cash prizes for young and old, will be on program.

Week-end guests of Mr. and Mrs. Ole Bullis were Mr. and Mrs. F. W. Browne and children of Rockford, Ill. Robert Bullis, Milwaukee, Mr. and Mrs. Aaron Bullis and family of Janesville, Mrs. Forbes, Madison, and Mrs. McGee, Janesville.

The Ladies' Aid society of the First Lutheran church held a picnic in the city park Wednesday. After the supper the ladies enjoyed a

marshmallow roast.

The following White-water people employed by the local electric plant attended the T. M. and J. R. L. picnic at Waukesha Beach Wednesday: Manager John Dumont and family, Thomas Frank and family, Joe Monahan and family and the Misses Bonnie Skindlingrud and Hazel Hunt.

Miss Ethel Edie Meyers is visiting Mr. and Mrs. T. W. Browne in Janesville for several weeks.

Walter Kewell will teach at the Forest this coming year.

The local firemen and families held their annual picnic at Cherry Bluff today. The White-water band accompanied them as guests of the firemen.

Mrs. A. Fickler was hostess at a picnic luncheon-bridge Wednesday.

Mrs. A. L. Colby was hostess this afternoon to her bridge club.

Klan Has Meeting North of City

Janesville's Klavern of the Knights of the Ku Klux Klan held a meeting Wednesday night on the George Blackbush farm, just off the Evansville road, and four miles from this city. Several members of the order, garbed in their robes and hoods, stood guard at the junction of the road leading to the farm and the Evansville concrete road.

Fifteen hundred persons, many of them invited guests from Janesville, Edgerton, Evansville and Beloit attended the meeting, according to a Janesville klanman who would not give his name. The same klanman said that the organization has 7,000 members in Rock county.

Members of the order are held at various places and on different nights of the week, Sunday excepted.

It was said. The burning of the two crosses in the field across from Riverside park last week, it was explained, was just to let the public know that the organization is present in Janesville, the klanman said.

LEGS NOT BROKEN AFTER AUTO RUNS OVER BOTH OF THEM

[Special to this gazette]

Shuman—While the passengers who work at the Bradley Mills, Delavan, were alighting from the Everett Sherman bus, Tuesday evening, Mrs. Olive Graham, Capron, who had just purchased a new car from the W. R. Hoard garage, lost control of it and hit Mrs. Roger Luma, two of the wheels passing over her legs. She was taken to the office of Dr. M. V. Dowire, where it was learned that no bones were broken, though she was badly bruised.

EDGERTON

MRS. CECIL DAVIS
Correspondent. Phone 230 White.

Edgerton—An unusually large crowd attended the initial concert by the City band in the new band stand. A formal dedication of the band stand is to be held in the near future.

On account of illness, Mrs. Annie Warren, State W. C. T. U. president, will be able to speak Friday afternoon. Mrs. Percy Munger, Janesville, County superintendent of citizenship, and president of the League of Women voters will be the substitute speaker.

Mr. and Mrs. Fritz and son of Chicago and Mrs. Henry Fritz and daughter of Janesville were guests of Miss Rose Kasper Wednesday.

Helen and James Gindley, Milwaukee, are visiting their grandparents, Mr. and Mrs. Charles Berle. John Edith Madden has returned to his home at Janesville after visit-

ing relatives here.

Mrs. Ray Cook submitted to a minor operation, Thursday at Memorial hospital.

MAY CHANGE LETTER ON 1925 LICENSES

Wisconsin automobile licensees of 1925 may have the car classification designated by a small letter following the license number, according to a plan of the state license department. Same in with the classification number in front, the same as the license plate, make the license hard to read, it is said.

FEDERAL AID IN 25
The state of Wisconsin will receive more than \$1,575,000 from the federal government for highway construction during the fiscal year of 1925 which began July 1. The sum is a part of a \$7,000,000 appropriation authorized by congress in 1922.
